Dan – Flagging this for two reasons: (1) Linda’s interest in setting up a meeting with the State, and (2) the timing of these things, relative to the Oregon PPA check-in (10/28).

In September, Peter Contreras shared a draft response to Oregon, and in it suggested a role for LSASD. Subsequently, Linda asked if a meeting had been set up with the State yet (see below).

I’ve weighed in that now isn’t the time (see below), and in a separate email, responding to Peter’s September 29th draft, I suggested that we’re not yet ready to offer that LSASD’s services are available, that more internal conversation is needed.

Not sure if this will come up in the ET, but thought I’d flag it.

Peter – I think you mean OR, right? Probably not. Tony (and the State agencies) are consumed with Wildfire cleanup issues.

As a part of the response, I have been in an Assistant Liaison Officer capacity and have a regular check-in with with OHA (Dave Emme, Andre Ourso) and DEQ (Justin Green). My sense is that they’re at their limit.

I’d recommend putting the LUBGWMA interaction with LSASD on hold for at least 3-weeks.

Mat: Do you think we're ready for Tony to set up a meeting with ID state agencies?

Hi Tony,
Just checking to see if you've been able to set up a meeting between OOO, WD, ECAD, LSASD and Or State agencies to discuss the State's science needs regarding LUGWMA?
